

Girl of 100 Lists

The Go-Go's

Ghetto blasters, phony jewels
Cathedrals, castles, making up rules
Trashy novels and leather gloves
This is a list of the things I love

I am the girl of 100 lists
From what shall I wear
To who I have kissed
Check items off
Let nothing be missed
Sing I to myself and my 100 lists

Pick up your laundry, doctor's at ten
We're out of toothpaste, rehearsal (again)
Stop by the bank and cash my pay
These are the things I must get done today

Ricky and Danny and Terry and Jim
Dean lasted six months-don't forget him
Perhaps some day this list will end
Till then I tally my gentlemen friends
