

Bore Me

The Hellacopters

Sweet little 16 is just getting sober
Trying to recover from a devil's hangover, yeah
Says, she's going straight but she's just up around the bend
That she'll go into rehab with the cash that mommy sent on, yeah

She knew that bad guys they date tough chicks
That's how she got her habit and her ticks

You bore me
You fucking bore me
Yeah, you bore me
Yeah, you're boring and you're not alone

Says, she will but you know she ain't
Thinks she's really clever but she only faint
Face to face with suicide
Fuckin' up every time, oh yeah

She knew that bad guys they date tough chicks
That's how she got her habit and her ticks

You bore me
You fucking bore me
Yeah, you bore me
Yeah, you're boring and you're not alone

Lookin' forty but she's twenty six
Will blow you for a fix
Lying bleedin' on the bathroom floor
Headin' for the final score

You bore me
You fucking bore me
Yeah you bore me
Yeah, you're boring and you're not alone

You bore me
You fucking bore me
Yeah you bore me
Yeah, you're boring
