

Sleep Well

The Inchtabokatables

Sleep well my dear sleep well tonight
I'll keep away the dreams of hell
I'll keep away the dwarves from you
Sleep well my dear sleep well

Sleep tight my love sleep tight this night
Don't wonder 'bout the blackness 'round you
Don't wonder 'bout those dark birds' flight
Sleep tight my love sleep tight

Sleep tight my love sleep tight this night
Don't wonder 'bout the blackness 'round you
Don't wonder 'bout those dark birds' flight
Sleep tight my love sleep tight

Sleep well my love sleep well tonight
Don't ask yourself 'bout death
Don't ask 'bout warriors in their fights
Sleep well my love sleep well

Sleep well my love sleep well tonight
Don't ask yourself 'bout death
Don't ask 'bout warriors in their fights
Sleep well my love sleep well

Sleep well my love sleep well this night
As long as you will sleep
The knife in your heart is my most loved one
Sleep well my dear sleep well
