

## Make It Real

The Jets

Tonight it's been a year  
We met each other here  
Here I am all alone  
As thoughts of you go on

Hear me cryin' out to you  
You said, "Never, never would I leave"  
Here's a tear from me to you  
And maybe it will make you hear me

I loved you  
You didn't feel the same  
Though we're apart  
You're in my heart  
Give me one more chance to  
Make it real

In a dream you are here  
You smile and hold me near  
And in my heart I'll pretend  
That you are here again

Hear me cryin' out to you  
You said, "Never, never would I leave"  
Here's a tear from me to you  
And maybe it will make you hear me

Give me one more chance to  
Make it real
