

Your Revolution

The Qemists

(So) you can keep your revolution.
All this dissolution,
oh, it's making me feel ill.
And I... I'm not standing still.

You can keep your revolution.
I've been here before.
All this dissolution,
oh, it's making me feel ill.
And I... I'm not standing still.

I'm not standing still
I'm not standing still
I'm not standing still

You can keep your revolution.

You can keep your revolution.
All this dissolution,
oh, it's making me feel ill.
And I... I'm not standing still.

You can keep your revolution.
I've been here before.
All this dissolution,
oh, it's making me feel ill.

You can keep your revolution.

You can keep your revolution.
All this dissolution,
oh, it's making me feel ill.
And I... I'm not standing still.

You can keep your revolution.
