```
Cut my hair and try to fit in.
I hang around, but I just can't win, oh no.
I don't know just what to say,
But I want things to go my way, oh yeah.
I want to, just can't, I want to, just can't fit in.
I want to, just can't, I want to, just can't fit in.
Oh no.
'Cause nobody likes me, nobody likes me.
I don't know just what to do,
But I sure get no call from you.
I care just what you say,
But I want things to go way.
I want to, just can't, I want to, just can't fit in.
I want to, just can't, I want to, just can't seem to fit in.
Oh no.
'Cause nobody likes me, nobody likes me.
Cut my hair and try to fit in.
I hang around, but I just can't win, oh no.
I don't know just what to say,
But I want things to go my way, oh yeah.
I want to, just can't, I want to, just can't fit in.
I want to, just can't, I want to, just can't fit in.
'Cause nobody likes me, nobody likes me.
