

## Domestic Scene

The Radio Dept.

Domestic scene what's missing here? Leaving just in time  
Social climbers at the frontier but I refuse that climb

You're leaving just in time, you're leaving just in time  
Leaving just in time

Domestic scene do I belong? Seemed like a good idea at one time  
But now it's all wrong, already declined

You're leaving just in time, you're leaving just in time  
Leaving just in time  
Leaving just in time, you're leaving just in time  
You're leaving just in time, leaving just in time
