

# Be My Sunshine

The Raveonettes

Come little baby be me sunshine, come little baby be my  
sunshine  
Come little baby do that thing, you do so good it always  
makes me scream  
Yeah, come little baby be my sunshine now  
Come little honey be me sunshine, come little honey be my  
sunshine  
Come little honey stay my baby, give it all to me you  
know I want it so  
Yeah, everytime I see you I just can't go home  
Come little baby be me sunshine, come little baby be my  
sunshine  
Come little baby scare me now and tell me 'bout the  
things you've done with others too  
Yeah, give it all to me I want to try them too  
Come little baby be me sunshine, come little baby be my  
sunshine  
Come little baby do that thing, you do so good it always  
makes me scream  
Yeah, come little baby be my sunshine now  
Yeah, come little baby be my sunshine now
