

Hi Lily

The Real McKenzies

Someone just yesterday morning
Walked up to me and they said
Sing me a song about roses
And I'll be your friend for life.
So I softly whispered, my darling
Close your eyes for awhile
Nobody loves of a lover
Til they feel the thorns of a rose.

[Chorus:]

High, high Lily,
Lily love me tonight
Take the love from me Lily,
And love me tonight
Love me tonight
Good times they last for a moment
The bad seem to stay quite awhile
But loving my life with a lady
And living my love for her
