

# There She Goes

The Righteous Brothers

Wop, wop  
Wop, wop  
Wop, wop  
Wop, wop

There she goes  
There she goes  
There she goes  
There she goes  
Yeah, there she goes  
She's walkin' away  
Yeah, there she goes  
And what did I do?  
Yeah, there she goes  
What did I say to make her turn and walk away from?

There she goes  
Woah, tell me why  
There she goes  
I wanna know  
There she goes  
Tell me why  
Tell me why  
I wanna know  
Wanna know

You better fight  
She's like 2D  
You better fight  
What was I to do?  
You better fight  
Did I do wrong to leave her there, standing all alone?

There she goes  
Woah, tell me why  
There she goes  
Said I wanna know  
There she goes  
Tell me why  
Tell me why  
I wanna know  
Wanna know

She turned around and she walked away  
She didn't even say that she'd be back today  
You better fight, I know I was wrong  
But it's too late to my baby

There she goes  
Woah, tell me why  
There she goes  
I wanna know  
There she goes  
Tell me why  
Tell me why  
I wanna know  
Wanna know
