

## Try a Little Harder

The Rolling Stones

Do, do, do doot, do doo n' do doot  
Don't you worry try a little harder  
Don't you worry try a little harder  
Don't you worry try a little harder  
Don't you worry try a little harder  
Girl really wants you man  
Don't you see you gotta give her all the lovin' that she needs,  
gotta try  
Try it one more time  
Gotta try, try it one more time

Don't you worry try a little harder  
Don't you worry try a little harder  
Give her lovin' that's a little stronger  
Give her lovin' that's a little stronger  
If you with your baby when the day turns to night, you gotta give  
her lovin' make her feel all right, it's all right  
It's all right. Try one more time. It's all right

Don't you worry try a little harder  
Don't you worry try a little harder  
Say goodnight and stay a little longer  
Say goodnight and stay a little longer  
Have to keep her from cryin' then you got to try to work pretty  
hard to keep her satisfied  
Just try, try it one more time. Try it one more time. Gotta try  
Try a little harder. Try a little harder. Try a little harder  
Try a little harder. try a little harder  
If you with your baby when the day turns to night, you gotta give  
her lovin' make her feel all right, gotta try
