

# Midnight Movie

## The Secret Handshake

When you left  
I couldn't take it  
Just one more time  
It drove hole right through my heart  
And now that your gone  
I can't fake it  
One more time  
You left a hole right through my heart

So I, I watch you like a midnight movie  
You, You act as if you never knew me  
All this time  
Yeah, yeah  
And I, I watch you like a midnight movie

I'm staring at the screen  
I'm wishing that could be you and me  
Staring out my car window  
I'm watching you watching you watching watching you

I'm staring at the movie  
Wishing that could be you and me  
Staring out my car window  
I'm watching you watching you watching you watching you

So I, I watch you like a midnight movie  
You, You act as if you never knew me  
All this time  
Yeah, yeah  
and I, I watch you like a midnight movie

Baby I miss you  
Cause Baby I miss you  
Baby I miss you  
Cause Baby I miss you  
Baby I miss your love

I, I watch you like a midnight movie  
You, You act as if you never knew me
