Santa Cruz (You're Not That Far)

Well tell me Where it all went wrong And tell me Where you lost those damn songs I can't say I was surprised I heard a drink was involved

Oh you gotta be, oh you gotta be Still living by the sea Oh you gotta be, oh you gotta be

'Cause Santa Cruz You're not that far Oh Santa Cruz, No, you're not that far

But now and then here once in a while Those August cowboys stole your style don't you know he feels blind Well your train's just rolled in on time

Oh you gotta be, oh you gotta be Still living by the sea Oh you gotta be, oh you gotta be

'Cause Santa Cruz, You're not that far Oh Santa Cruz, No, you're not that far
