Murder is easy, murder is fun, it's better than sex, I always come, I like to stalk those I abuse, I like them to struggle so I can refuse.

Murder is easy, murder is fun, it's better than sex, I always come.
I like to go prowling on Saturday night,
I like them to struggle and put up a fight.

Murder is easy, murder is fun, it's better than sex, because I always come, I've murdered so many I have lost count, the pleasure it gives me is a large amount.

Murder is easy, murder is fun, it's better than sex because I always come, I murdered the vicar, I murdered his son, murdered his dad and I murdered his mum.

And I murdered, murdered, murdered cats, cats, cats..... as a boy, then I moved on to dogs, I moved on to dogs, I moved on to dogs, dogs, dogs, dogs......now it's the McCoy..

Murder is easy, murder is fun, it's better than sex because I always come, public opinion, it don't swell, the consensus is I am unwell.

Murder is easy, murder is fun. it's better than sex because I always come,

It's better than sex because I always come it's better than sex because I always come it's better than sex because I always come I always come...
