

## Another One Goes By

The Walkmen

Is your skin your skeletons  
Splinters my daydreams  
Under surface see is it any seed  
Shadows fly across the wall  
I walk outside and try to see you right in front of me  
Silhouette of something sweet and so bright

I don't know what to offer you, I'm only broke and lonely  
And another one goes, and another one goes by  
Sometimes when I step outside, I see you standing right in front of me  
And another one goes, and another one goes by

Don't know what to offer you, I'm only broke and lonely  
And another one goes, and another one goes by  
Sometimes when I walk outside, I see it right in front of me, it's so bright  
And another one goes, and another one goes, and another one goes by
