## **Another One Goes By**

## The Walkmen

Is your skin your skeletons Splinters my daydreams Under surface see is it any seed Shadows fly across the wall I walk outside and try to see you right in front of me Silhouette of something sweet and so bright

I don't know what to offer you, I'm only broke and lonely And another one goes, and another one goes by Sometimes when I step outside, I see you standing right in fron t of me And another one goes, and another one goes by

Don't know what to offer you, I'm only broke and lonely And another one goes, and another one goes by Sometimes when I walk outside, I see it right in front of me, i t's so bright And another one goes, and another one goes, and another one goe s by
