

Powerdance

Therion

End of day, another sun fades away
Darkness fills the sky
As I enter the night
In the sign of the warrior
Winds of magic
Blow within my mind
Powerdance
There is a sphere deep within my mind
Where I'll become a god
Who will reign a world of astral space
I fade away
Into the voids of the dark
As I dance, powerdance
To my own paradise
Powerdance
Step by step I'm moving closer to my goal
There is no vanity that can stop my final move
