

I Feel Good

Thomas Rhett

Ray Bans on, that sky is blue
Cannonball into the pool
Drink in hand gonna act a fool like sha la la
Boom box playin' that Third Eye Blind
Wife is sippin' that rose wine
I just lost all track of time like sha la la
My truck A/C is broken
That Georgia breeze is blowin'
I'm feelin' easygoin', that's right

I feel good, today
Can't nobody bring me down
I just got paid, and I think I'm gonna hit the town
Yeah my problems can wait 'til tomorrow
Cause I feel good today yeah
Can't nobody bring me down, down, down, down, down
Can't nobody bring me down, down, down, down
Can't nobody bring me

(Uh excuse me, can someone bring the beat back)

My team won in overtime
I'm three sheets on Bud Light Lime
Don't taste good but that's alright now
It ain't even Saturday
But I'm gonna celebrate
So don't you rain on my parade now, no no
My truck A/C is broken
That Georgia breeze is blowin'
I'm feelin' easy goin' that's right

I feel good, today
Can't nobody bring me down
I just got paid, and I think I'm gonna hit the town
Yeah my problems can wait 'til tomorrow
Cause I feel good today yeah
Can't nobody bring me down, down, down, down, down
Can't nobody bring me down, down, down, down
Can't nobody bring me

Down I feel good, James Brown
Turn the lights low, turn the music up loud
Got a good party goin' on back at the house
Bunch of big booty girls yeah they come from the south
The good vibes when you feelin' it
Whoever made the potato salad put they foot in it
I know we ain't the same yeah we different
But we all stay connected like the Internet

I got no motivation
Except for recreation
Feels like I'm on vacation
That's right

I feel good, today
Can't nobody bring me down
I just got paid, and I think I'm gonna hit the town

Yeah my problems can wait 'til tomorrow
Cause I feel good today yeah
Can't nobody bring me down, down, down, down, down
Can't nobody bring me down, down, down, down
Can't nobody bring me...
