

# My Own Enemy

Thousand Foot Krutch

Hold up, oh no  
Who let them in the door  
It's like a freak show  
Shake it like a photo

Hate Is only what you say  
Not what you mean and pain  
Is what's inside of me  
Not when you're bleeding  
I will fall, I'll fall  
And take your breath away  
We could change it all  
And take your breath away

This anger changes me  
It affects the way I see  
Affects every part of me  
And makes you my enemy  
But when it falls apart  
It's like a brand new start  
And I can't remember why  
I ripped everything apart

It's like a freak show  
Shake it like a photo

I'm still my worst enemy  
The world around me  
All can see what they want to see  
I need some help  
Because I'm still my worst enemy  
No matter where I am  
I'll still get the best of my  
I'm my own enemy

Hold up, oh no  
Who let them in the door

Shake the world inside of me  
Until it can't be shaken  
Wake the words inside of me  
Before it's all too late

I will fall, I'll fall  
And take your breath away  
We will change it all  
And take your breath away

This anger changes me  
It affects the way I see  
Affects every part of me  
And makes you my enemy  
But when it falls apart  
It's like a brand new start  
And I can't remember why  
I ripped everything apart

I'm still my worst enemy  
The world around me  
All can see what they want to see  
I need some help  
Because I'm still my worst enemy  
No matter where I am  
I'll still get the best of my  
I'm my own enemy

I'm still my worst enemy  
The world around me  
All can see what they want to see  
I need some help  
Because I'm still my worst enemy  
No matter where I am  
I'll still get the best of my  
I'm my own enemy

My own enemy
