

# Open My Eyes

Tiffany Darwish

All I want is written on my face  
You're bound to find something  
And all your words that held me into place  
Were nothing but lies

Another time I might have  
watched the things I said  
But I can't see

Somebody...

Open my eyes for a little while little while  
make me forget all the things I see  
Til then til then don't know what is happening  
til then til then don't care what I'll see  
I'll stand and stare until I go blind  
Will you open my eyes

Don't mind me  
you know me inside out  
that's the way that you left me  
and you won't find me  
begging for a chance  
to have you burn me again

Another time I might have wasted all my words  
to make you see

Somebody...

Open my eyes for a little while little while  
make me forget all the things I see  
Til then til then don't know what is happening  
til then til then don't care what I'll see  
I'll stand and stare until I go blind  
Will you open my eyes?

Another time you might have  
watched the things I said  
Another place you might left me here for dead  
Another time...

Somebody...

Open my eyes for a little while little while  
make me forget all the things I see  
Til then til then don't know what is happening  
til then til then don't care what I'll see  
I'll stand and stare until I go blind  
Will you open my eyes?

Oh, I'll stand and stare until I go blind  
Will you open my eyes?  
Open my eyes  
Open my eyes.
