

# Sugar

Tori Amos

Don't say morning's come  
Don't say it's up to me  
If I could take 25 minutes  
I'd have the record books

Sugar  
He brings me sugar

Bobby's collecting bees  
Hand hammers, he used one on me  
Cold walls, little boys  
Get in with them, bubble gum tree

Sugar  
Bring me sugar  
And all the robins bring  
Bring me many things but

Sugar  
He brings me sugar  
As far as I can tell  
I've been gone for miles now

And you know, and I know  
I don't know me very well  
And I know, and you know  
If they found me, ah

Sugar  
Bring me sugar  
And all the robins bring  
Bring me many things but

Sugar  
Bring me sugar  
And all the robins bring  
Bring me many things but
