

Words of the Fly

Trail of Tears

I heard a strong voice
shout out my name
But when I turned around no one was there
It was just an illusion I had
that they should come back one day

Embrace yourselves!
Watch them collide with destiny
The sinner`s hand
strangles them, forever...
Arise, when the chance appears
The sinner`s hand embraces them

And so, arise on the Trail of Tears
(I know) the sinners all rose

Persuation falls on the Trail of Tears
The sinners all rose.
