Trinidad James

Hipster  
Strip club, strip club, strip club  
Hipster  
Strip club, strip club, strip club  
Hipster  
Strip club, strip club, strip club  
Welcome to my...  
Hipster  
Strip club, strip club, strip club

She live by fear  
She die by choice  
Her skin the color  
Of your choice  
Fishnets for stockings  
Trying to get her stock up  
Rubber bands tie her locks up  
The music open hearts that lock up

Please don't leave me alone  
'Cause I don't know where I'd go  
Please don't leave me alone  
Leave me alone  
Please don't leave me alone  
'Cause I don't know where I'd go

Trying to find herself in vanity  
Knowing drugs the only sanity  
Simultaneously is a tragedy  
Twisted fantasies of heartache  
Overlaid emotions, heartbreak  
Watch her heart race  
James

Please, don't go James  
Open your soul  
Let the music flow  
(Go, go, go)  
Music flow  
(Go, go, go)  
The music makes you  
(Go, go, go)  
Her energy makes you  
(Go, go, go)  
Find yourself
