

June Haverly

Troye Sivan

June Haverly,
you always get your way
but June Haverly,
not today, no not today,

you're on top of the world
just trynna stay on the track
and they'll kiss your feet while they stare your back
and watch you started burn to blazin crying

June Haverly,
you always got your way
but not today, no not today,
no not today

June Haverly
you're not to blame
no not to blame
and June Haverly
don't be ashamed
for all the pain

you're on top of the world
just trynna stay on the track
and they'll kiss your feet while they stare your back
and watch you started burn to blazin crying

June Haverly,
we miss you so
why'd you go
oh why'd you go

you're on top of the world
just trynna stay on the track
and they'll kiss your feet while they stare your back
and watch you started burn to blazin crying

June Haverly,
we miss you so
why'd you go
oh why'd you go
