

# Flip The Script

Tynisha Keli

[Verse 1]

Since it started off  
We knew we was just alike  
Same down to the flaws  
That's how we'd catch each other's lies  
So when you got caught  
I didn't blow your spot that night  
Player i've been ...  
The game now picked other side

Baby I know  
Where you be night after night  
I know,  
When you creep, it's in your eyes  
I hope  
You don't expect me to cry  
'Cause i won't,  
No i won't die without you,  
No I'm about to, oh

[Chorus]

Flip the script  
You be cheating, I ain't heated, boy don't  
Even trip  
I don't get mad, I get even, holla  
Flip the script  
I will get what i'm need, when you're  
With that chick  
I don't get mad, I get even, holla.

[Verse 2]

Said you're working late  
I'll be fine and I'll try hard  
Not to misbehave  
But you know how I was when we ...  
When we play the game  
I promise things won't go that far  
Just like you promised me  
It's funny how things come back out to you

Cause I know  
Where you be night after night  
I know,  
When you creep, it's in your eyes  
I hope  
You don't expect me to cry  
'Cause i won't,  
No i won't die without you,  
No I'm about to, oh

[Chorus]

Flip the script  
You be cheating, I ain't heated, boy don't  
Even trip  
I don't get mad, I get even, holla  
Flip the script  
I will get what I need, boy you're

With that chick  
I don't get mad, I get even, holla.

[Verse 3]  
What did you...  
What'd you thought it was gonna be baby?  
What, you thought you could run around and play  
... be behind my back and I'd just sit here waiting for you  
Ain't no way you're about to play me  
So anything you do, Imma do the same thing  
Cause Imma beat you at the game you taught me  
So sit back and watch me

[Chorus: repeat until fade]  
Flip the script  
You be cheating, I ain't heated, boy don't  
Even trip  
I don't get mad, I get even, holla  
Flip the script  
I will get what i need, boy you're  
With that chick  
I don't get mad, I get even, holla.
