

Black Flame (of Satan)

Venom

From blackened flame
Ye shall remain
Ballistic brethren
Dark souls in pain
Defecate on the teachings
Burn into the dirt
Suffocate all the preachings
Bury them in earth
All hail!
Black flame of satan
All hail!
Black flame of satan
black flame of satan
From frozen fire
Black angels choir
Safety in numbers (666)
Worship the liar
Defecate on the teachings
Burn into the dirt
Suffocate all the preachings
Bury them in earth
All hail!
Black Flame of Satan
All hail!
Black flame of satan
Black flame of satan
By candle light
All hail ye tonight
The master takes a bow
From flame of life
Defecate on the teachings
Burn into the dirt
Suffocate all the preachings
Bury them in earth
All hail!
Black Flame of Satan
All hail!
Black flame of satan
