

Swedish Fish

Veruca Salt

Green or red, goodnight, remember
Green is best of all the flavours
Go ahead, it's only water

I love my swedish fish
I love my swedish fish
I love my swedish fish
He's my secret wish

Talk to me, I need attention
Tell me all of your confessions
Tell me if I cease to mention

I love my swedish fish
I love my swedish fish
I love my swedish fish
He's my pisces gift

I'm never coming back
I am too far gone
Won't you be heading this way
Before too long?
I'm holding on you
To you

I love my swedish fish
I love my swedish fish
I love my swedish fish
He's my secret wish

I love my swedish fish
I love my swedish fish
I love my swedish fish
He's my favourite gift
