

Shake

VETO

Shake it off
You don't need it anymore
You shouldn't feed it anymore
You should burn the letters
You keep in your drawer
It doesn't help you
To read them over
And over again

Cut it off
Grab the scissors
And use force
Leave the lump
Down on the floor
There's no need to carry
All this weight around
You're old enough to know
When enough is enough
Is enough

Shake it off, shake it off
Shake it off just like a dog
Find the animal inside you
And forget the things
The things you used to love
It doesn't help you
To remember things you've lost

Tear it off, tear it off
Use your hand and break it off
You can fight your way
Right through it
Just believe and then
Just do it
No need to wait
It doesn't help you
To push it in front of you forever

It doesn't help you
To push it in front of you forever
And you know it
'Cause you don't know her anymore
In fact you never did
You just imagined it
That's what you did
You imagined
Every single part of it
Shake it off like a dog
You don't need it anymore
