

## Forsaken (Vocal Version)

VNV Nation

When I have nothing left to feel  
When I have nothing left to say  
I'll just let this slip away

I feel these engines power down  
I feel this heart begin to bleed  
As I turn this burning page

Please forgive me if I bleed  
Please forgive me if I breathe  
I have words I need to say  
Oh so very much to say

And whose life do I lead?  
And whose blood do I bleed?  
Whose air do I breathe?  
With whose skin now do I feel?

I'm supposed to walk away from here  
I'm supposed to walk away from here

(Help me.)

And whose life do I lead?  
Whose blood do I bleed?  
Whose air do I now breathe?  
I'm convinced there's nothing more

The day you died I lost my way  
The day you died I lost my mind

What am I supposed to do?  
Is there something more?

The engines power down  
Like a soldier to his end I go  
Because I'm convinced  
That there is nothing more

And whose life do I lead?  
Whose air do I breathe?  
With whose skin and whose blood do I feel?  
What happens now?  
Have I done something wrong?

Forgive my need to bleed right now  
Please forgive my need to breathe  
But I've so much to say  
And it wouldn't matter anyway  
You're not here to hear these words that I must say  
And I'm convinced inside  
That there is nothing more

Whose life do I lead?  
Whose air do I breathe  
Whose blood do I now bleed?  
With whose skin now do I feel?

I have nothing left to say  
I have nothing left to feel  
Am I supposed to let this go now,  
Let darkness come and take you away?

(If you're frightened of dying, and you're holding on  
You'll see the devils are tearing your life away.  
If you've made your peace, then the devils are really angels  
Freeing you from the earth.)
