

## Dance So Good

Wakey!Wakey!

I remember when you lost your head  
Sometimes I wonder how you stay so sad  
When you're so beautiful  
I remember every word you said  
How you were scared because you'd never been  
Somewhere so beautiful  
So beautiful

So tell me why we're talking when we dance so good  
So tell me why we're talking when we dance so good  
I know you can't stay  
But I wish you would  
Yeah, I wish you would  
Yeah, I wish you would

Now you tell me that you're on the mend  
Sometimes I wonder how you don't go mad  
When you're so beautiful  
So beautiful  
So beautiful  
So beautiful

So tell me why we're talking when we dance so good  
So tell me why we're talking when we dance so good  
I know you can't stay  
But I wish you would  
Yeah, I wish you would  
Yeah, I wish you would

I remember when you lost your head  
Sometimes I wonder how you stay so sad  
When you're so beautiful  
You're so beautiful  
So beautiful  
So beautiful  
So beautiful  
So beautiful

So tell me why we're talking when we dance so good  
You tell me why we're talking when we dance so good  
I know you can't stay  
But I wish you would  
Yeah, I wish you would  
Yeah, I wish you would
