

# The Drug

## Warrior Soul

You wanna live forever inside the beauty crawl  
You wanna sin together inside a bathroom stall  
The line of fire blazin' into desire run  
We're all a shakin' anticipating fun

It's so frightening  
Carry a heavy load  
Hits like lightning  
That's just the way it goes

When love is a drug  
Love drug  
When love is a drug  
Love drug  
When love is a drug  
Love drug

The walls start shakin', your heart goes boom boom  
Your head is breakin' and time goes zoom zoom

It's time to get up and a start shakin'  
Cause all the babies last seen were wakin'  
Desire beautiful inside it zero  
Cause mass appeal is our last hero  
It's so frightening, carry a heavy load  
Hits like lightning that's just the way it goes

When love is a drug  
Love drug  
When love is a drug  
Love drug  
When love is a drug  
Love drug

The walls start shakin', your heart goes boom boom  
Your head is breakin' and time goes zoom zoom

Mortal life is fun, kill fast die young  
Super shine forever but you're not together

When love is a drug  
Love drug  
When love is a drug  
Love drug  
When love is a drug  
Love drug
