

## Don't Get 2 Close (2 My Fantasy)

Ween

Don't quiver little boy  
Your daddy's with you now  
It won't be long anyhow  
It's just around the corner  
The destiny that I embrace with you

Don't get 2 close to my fantasy  
Don't be afraid to clutch the hand of your creator  
Stare into the lion's eyes  
And if u taste the candy  
You'll get 2 the surprise

Stay calm little dreamer  
And drift off into dreams  
The gentle kiss of night  
Is better than it seems  
It's just around the corner  
Close your eyes and soon you'll be with me
