

# Don't Wanna Be Your Girl

Wet

I don't wanna be your girl no more  
No more  
I just wanna see your face at home  
Home

You can't do me right  
So I decide that

I don't wanna be your girl no more  
No more  
I just wanna see you up and out  
Out of the door

I'm not living right  
So I decide that

I don't wanna be your girl no more  
No more

I won't hide the ways I've tried  
It's just not right  
It's killing me tonight
