

Heavy Metal Machineria

Witch Hammer

1.) Where comes the force of thunder and trees touch the sky, c
racking rocks and drawing its mystery.
There are those who're waiting and dreaming their fitful sleep,
but anyone affected rest in peace.

Let us pray, cause no-one would be spared,
Far away the rocks give up their tale.
You can try, but theres nowhere to hide.
No more, no more...

Heavy metal machineria (knocking you down, like a hammerblow)

2.) Where will black clouds covering completely blood-
red sky, the armed force will be rolling through the night.
Only blow-out country, here will be survive, forevermore the sm
oke will be rising high.

Let us pray, cause no-one would be spared,
Far away the rocks give up their tale.
You can try, but theres nowhere to hide.
No more, no more...
