

Nothing More

Wolverine

How come I don' know where to go?
It seems all I've ever knows is gone
My dream has finally ended
After this there's nothing more for me
All my life I've been waiting but now there's nothing more to w
ish for
I spent all my years just longing for this one final dream to c
ome true
Opportunities turned to chains of need
Now it seems I've finally lost my wish for more
All my life I've been waiting but now there's nothing more to w
ish for
All my life I've been waiting but now there's nothing more to l
ive for...
