

Koladi-ola

Yello

Koladi-ola
Koladi-ola

I'm gonna making
You wanna shake me
People sitting out of my mind
Koladi-ola

I'm going down
Everything's around
Everything is good and divine

I go bananas
Driving in my car
Trying not to lose my ways

Koladi-ola
Again

Koladi-ola
One more time
Koladi-ola
One more time

I'm going down
Everything's around
Everything is good and divine
And I said
Again

I go bananas
Driving in my car
Trying not to lose my way

Koladi-ola
Again
Koladi-ola

I'm gonna making
You wanna shake me
People sitting out of my mind

I'm going down
Everything's around
Everything is good and divine

Koladi-ola
