

In Your Favor

Youthful Praise

Guess you're wondering what's going on
All this turmoil and strife all around you
You're wondering where God is
And how could He let these things happen to you
He's standing by
He sees everything you're going through
He's got a plan in mind
He's gonna show Himself strong in your behalf
Chorus:

He's got a plan for all your problems
He will do something to blow your mind
He will take everything against ya
And turn it around in your favor
Be encouraged Wait on Jesus
It's turning around in your favor
Don't you worry you just wait
It's turning around in your favor
Don't you worry you just wait and see
