

Where the Boat Leaves From

Zac Brown Band

There's a place, where the boat leaves from
It takes away all of your big problems
You got worries you can drop them in the blue ocean
But you gotta get away to where the boat leaves from

Take one part sand, and one part sea, one part shade of banana tree
The drinks they're cold and the raggaie is hot
And I know this is the place for me

So get away to where the boat leaves from
It takes away all of your big problems
You got worries you can drop them in the blue ocean
But you gotta get away to where the boat leaves from

See the problem is that you're right there
And there's a perfectly good island somewhere
Where a ride that floats and don't grab your coats
You won't need it where we are going

Get away to where the boat leaves from
It takes away all of your big problems
You got worries you can drop them in the blue ocean
But you gotta get away to where the boat leaves from

Pick me up
Pick me up
Pick me up

Put me down
Down on the sand where its cool
Put me down
When I fall off my stool
Put me down
I'll just sleep there til morning comes around

With sunshine tanned ladies and piña colodas
and Bob Marley songs that are playing
There's a song in my ear that I want you to hear
Soft tropical lips that are singin

Get away to where the boat leaves from
It takes away all of your big problems
You got worries you can drop them in the blue ocean
But you gotta get away to where the boat leaves from

So get away to where the boat leaves from
it takes away all of your big problems
You got worries you can drop them in the blue ocean
but you got to get away to where the

So get away to where the boat leaves from
it takes away all of your big problems
you got worries you could drop them in the blue ocean

(4x)
